

TITLE	SUBJECT
<a href="#">Academic podcasting and mobile assisted language learning [electronic resource] : applications and outcomes / Betty Rose Facer and Mohammed Abdous, editors.</a>	Language and languages -- Study and teaching -- Computer network resources.;Language and languages -- Computer-assisted instruction.;Second language acquisition.;Podcasting.;Academic Podcasting Requirements;Effective Language Learning
<a href="#">Actor-network theory and technology innovation [electronic resource] : advancements and new concepts / Arthur Tatnall, editor.</a>	Diffusion of innovations.;Technological innovations -- Social aspects.;Actor-network theory.;Analytical frameworks;ANT research methods;Conduct of ANT research;ANT to investigate the implementation and
<a href="#">Affective computing and interaction [electronic resource] : psychological, cognitive, and neuroscientific perspectives / Didem Gökşay and Gökşen Yildirim, editors.</a>	Human-computer interaction.;Human-machine systems.;Affect (Psychology) -- Computer simulation.;Affect and cognition;Affect in computer mediated interactions;Affective agents;Affective component in human
<a href="#">Applied technology integration in governmental organizations [electronic resource] : new e-government research / Vishanth Weerakkody, editor.</a>	Public administration -- Data processing.;Public administration -- Information resources management.;Internet in public administration.;Citizen-centric services;Cyber public relations;Digital government and online education;E-
<a href="#">Biological and quantum computing for human vision [electronic resource] : holonomic models and applications / by Mitja Peručič and Chu Kiong Loo.</a>	Visual cortex -- Mathematical models.;Computational neuroscience.;Quantum computers.;Neural networks (Neurobiology);Visual Perception -- physiology.;ModelsPsychological.;Quantum Theory.;Applications of quantum
<a href="#">Cases on building quality distance delivery programs [electronic resource] : strategies and experiences / Stephanie Huffman ... [et al.], editors.</a>	Distance education -- Administration.;Educational leadership.;Collaboration and Continuous Improvement for Online Courses;Course Management Systems;Faculty Perception of Online Courses;Instructional Design
<a href="#">Cases on ICT utilization, practice and solutions [electronic resource] : tools for managing day-to-day issues / Mubarak S. Al-Mutairi and Lawan Ahmed</a>	Information technology -- Research.;Telecommunication -- Research.;Ad hoc networks;Biometrics;Education

<a href="#">Computational neuroscience for advancing artificial intelligence [electronic resource] : models, methods and applications / Eduardo Alonso and Esther MondragÃ³n, editors.</a>	Computational neuroscience.;Neurosciences -- Mathematical models.;Artificial intelligence.;Analysis of agent behavior;Artificial neural
<a href="#">Cyber security, cyber crime and cyber forensics [electronic resource] : applications and perspectives / Raghu Santanam, M. Sethumadhavan and Mohit Virendra, editors.</a>	Computer security.;Cyberspace -- Security measures.;Computer crimes.;Computer crimes -- Investigation.;Biometrics;Data security;Digital watermarking;E-discovery
<a href="#">Design and test technology for dependable systems-on-chip [electronic resource] / Raimund Ubar, Jaan Raik, and Heinrich Theodor Vierhaus, editors.</a>	Systems on a chip -- Design and construction.;Networks on a chip -- Design and construction.;Systems on a chip -- Testing.;Networks on a chip -- Testing.;Built-in self repair for logic structures;Combined test-data compression and test planning;Diagnostic modeling of digital
<a href="#">Designing games for ethics [electronic resource] : models, techniques and frameworks / Karen Schrier and David Gibson, editors.</a>	Video games -- Moral and ethical aspects.;Video games -- Design.;Computer games -- Moral and ethical aspects.;Computer games -- Design.;Classification and criticism of ethical games;Critical gameplay;Ethical dilemmas in gameplay;Ethics and the
<a href="#">Developments in intelligent agent technologies and multi-agent systems [electronic resource] : concepts and applications / Goran Trajkovski, editor.</a>	Intelligent agents (Computer software);Multiagent systems.;Agent models and architectures;Agent-based modeling;Agent-based social simulations;Agent-oriented software
<a href="#">Digital culture and e-tourism [electronic resource] : technologies, applications and management approaches / Miltiadis Lytras ... [et al.].</a>	Tourism -- Computer network resources.;Culture and tourism -- Computer network resources.;Heritage tourism -- Computer network resources.;Creating digital heritage content;Development strategies for tourism and cultural industry;Innovating
<a href="#">Dynamic advancements in teaching and learning based technologies [electronic resource] : new concepts / Eugenia M.W. Ng, Nikos Karacapilidis and Mahesh S. Raisinghani, editors.</a>	Web-based instruction.;Educational technology.;Building multi-disciplinary teams;Web-based learning and teaching;Building Web-based learning communities;Constructivist approaches;Decision making;Knowledge

<p><a href="#">E-business applications for product development and competitive growth [electronic resource] : emerging technologies / In Lee, editor.</a></p>	<p>Electronic commerce.;Information technology -- Management.;New products.;Technological innovations -- Management.;Applications of new technologies to e-business;Collaborative commerce;Consumer</p>
<p><a href="#">E-business managerial aspects, solutions and case studies [electronic resource] / Maria Manuela Cruz-Cunha and Joao Varajao, editors.</a></p>	<p>Small business -- Information technology.;Electronic commerce -- Management.;Business agility and process agility;Collaborative business interfacing for SMEs;Collaborative networks;Conservation of information</p>
<p><a href="#">E-health, assistive technologies and applications for assisted living [electronic resource] : challenges and solutions / Carsten RÄ¶icker and Martina Ziefle, editors.</a></p>	<p>Medical informatics.;Assistive computer technology.;Congregate housing.;Medical Informatics.;Assisted Living Facilities.;Ambient assisted living research and development;Assistive technologies for an aging population;Changing healthcare</p>
<p><a href="#">Electronic supply network coordination in intelligent and dynamic environments [electronic resource] : modeling and implementation / Iraj Mahdavi, Shima Mohebbi and Namjae Cho, editors.</a></p>	<p>Business logistics.;Inventory control.;Materials management.;Information technology -- Management.;Coordination design;Distributed supply network;Dynamic coordination</p>
<p><a href="#">Emerging technologies in wireless ad-hoc networks [electronic resource] : applications and future development / Raul Aquino Santos, Victor Rangel Licea,</a></p>	<p>Ad hoc networks (Computer networks);Body sensor networks;Computer security;Digital forensics;Local area</p>
<p><a href="#">Environmental modeling for sustainable regional development [electronic resource] : system approaches and advanced methods / Vladimir Olej, Ilona Obrsalova and Jiri Krupka, editors.</a></p>	<p>Sustainable development -- Econometric models.;Rural development -- Environmental aspects.;Regional planning -- Environmental aspects.;Air quality assessment;Air quality modeling approaches;Data envelopment analysis in environmental</p>
<p><a href="#">Gaming and simulations [electronic resource] : concepts, methodologies, tools and applications / Information Resources Management Association.</a></p>	<p>Computer games.;Computer simulation.;Educational innovations.;Adult learning and virtual worlds;Ethical considerations in game design and development;Games and</p>

<p><a href="#">Global media convergence and cultural transformation [electronic resource] : emerging social patterns and characteristics / Dal Yong Jin, editor.</a></p>	<p>Popular culture.;Popular culture and globalization.;Mass media and globalization.;Technological innovations -- Economic aspects.;Technological innovations -- Social aspects.;Commercialization of the online gaming industry;Convergence of mobile multimedia;Corporate strategies in media convergence;Cross-generational media literacy;Fostering innovation in converging information industries;New</p>
<p><a href="#">Handbook of research on methods and techniques for studying virtual communities [electronic resource] : paradigms and phenomena / Ben Kei Daniel, editor.</a></p>	<p>Electronic villages (Computer networks) -- Social aspects.;Online social networks.;Internet -- Social aspects.;Blended communities;Conversation analysis;Distributed communities of</p>
<p><a href="#">Handbook of research on mobility and computing [electronic resource] : evolving technologies and ubiquitous impacts / Maria Manuela Cruz-Cunha and</a></p>	<p>Mobile computing.;Wireless communication systems.;Collaborative Work;Critical Success Factors;Mobile Technologies;New Business</p>
<p><a href="#">Handbook of research on technologies and cultural heritage [electronic resource] : applications and environments / Georgios Styliaras and Dimitrios Koukopoulos, and Fotis Lazarinis, editors.</a></p>	<p>Information technology.;Communication and technology.;Communication and culture.;Adaptivity;Accessibility;Personalization of online systems;Approaches for the effective promotion of culture;Commercial and tourist exploitation of cultural heritage and modern art products;Country specific problems in promoting cultural heritage</p>
<p><a href="#">Handbook of research on transformative online education and liberation [electronic resource] : models for social equality / Gulsen Kurubacak and T. Volkan Yuzer, editors.</a></p>	<p>Transformative learning -- Computer-assisted instruction.;Transformative learning -- Social aspects.;Critical pedagogy.;Equality.;3D multi-user virtual worlds;Building global citizens;Disparities in healthcare and education;E-governance and democracy;Fostering</p>
<p><a href="#">Healthcare delivery reform and new technologies [electronic resource] : organizational initiatives / Matthew Guah, editor.</a></p>	<p>Health care reform.;Medical informatics.;Medical Informatics.;Health Care Reform.;Delivery of Health Care.;Efficacy of healthcare;Evaluation of e-health;Healthcare access and</p>

<p><a href="#">Human-centered design of e-health technologies [electronic resource] : concepts, methods and applications / Martina Ziefle and Carsten RÄ¶cker, editors.</a></p>	<p>Medical informatics.;Human-computer interaction.;Human engineering.;Medical Informatics.;Human centered approach for developing smart health care applications;E-health technologies;Home care nursing;Evaluating the usability of home healthcare applications;Human</p>
<p><a href="#">Information systems and new applications in the service sector [electronic resource] : models and methods / John Wang, editor.</a></p>	<p>Service industries -- Information technology.;Service industries -- Technological innovations.;Web 2.0.;Web services.;Business services;Creative problem solving;Logistics network</p>
<p><a href="#">Managing knowledge assets and business value creation in organizations [electronic resource] : measures and dynamics / Giovanni Schiuma, editor.</a></p>	<p>Knowledge management.;Intellectual capital -- Management.;Measuring knowledge assets;Dynamic intellectual capital;Growth venturing;Intangible assets;Intellectual assets and knowledge-</p>
<p><a href="#">Metaplasticity in virtual worlds [electronic resource] : aesthetics and semantic concepts / Gianluca Mura, editor.</a></p>	<p>Human-computer interaction.;Virtual reality.;New media art.;Communication and technology.;3D immersive systems;Augmented and mixed reality studies;Human issues in virtual</p>
<p><a href="#">Multi-agent systems for education and interactive entertainment [electronic resource] : design, use and experience / Martin Beer, Maria Fasli, and Debbie Richards, editors.</a></p>	<p>Multiagent systems -- Congresses.;Instructional systems -- Congresses.;Computer science -- Study and teaching -- Congresses.;E-learning platforms;Intelligent emotional agents in e-learning systems;Virtual training;Recommender agents;Multiagent systems;Teaching AI and IA;Complex systems development;NetLogo;Multi-user virtual</p>
<p><a href="#">Online courses and ICT in education [electronic resource] : emerging practices and applications / Lawrence A. Tomei, Editor.</a></p>	<p>Computer-assisted instruction.;Internet in education.;Distance education.;Educational technology.;Telecommunication in education.;Education -- Effect of technological innovations on.;Computer-based simulation;Computer-mediated</p>
<p><a href="#">Personal data privacy and protection in a surveillance era [electronic resource] : technologies and practices / Christina Akrivopoulou and Athanasios Psygkas, editors.</a></p>	<p>Data protection -- Law and legislation.;Electronic surveillance -- Law and legislation.;Privacy Right of.;Records -- Access control.;Digital communications.;Anonymity and cyberspace;Autonomy and intellectual property;Data protection and</p>

<p><a href="#">Reconfigurable embedded control systems [electronic resource] : applications for flexibility and agility / Mohamed Khalgui and Hans-Michael Hanisch, editors.</a></p>	<p>Programmable controllers.;Embedded computer systems.;Digital control systems.;Architecture description languages;Control of fault-tolerant discrete event reconfigurable systems;Discrete event reconfigurable systems;Formal methods for timed and</p>
<p><a href="#">Security and privacy assurance in advancing technologies [electronic resource] : new developments / Hamid R. Nemati, editor.</a></p>	<p>Information technology -- Security measures.;Management -- Technological innovations.;Consumer and business practices and trends;Database issues in privacy protection;Economic impact analysis;Encryption authentication and access control;File and file system</p>
<p><a href="#">Security in virtual worlds, 3D webs, and immersive environments [electronic resource] : models for development, interaction and management / Alan Rea, editor.</a></p>	<p>Computer networks -- Security measures.;Web sites -- Security measures.;World Wide Web -- Security measures.;3D spaces for security in higher education;3D3C identity;Aspect-oriented programming;ISO standards for</p>
<p><a href="#">Smart healthcare applications and services [electronic resource] : developments and practices / Carsten Rocker and Martina Ziefle, editors.</a></p>	<p>Home care services.;Medical informatics.;Medical telematics.;Medical technology.;Telemedicine -- instrumentation.;Independent Living.;Monitoring Ambulatory -- instrumentation.;Patient Compliance.;Adaptive and tangible user interfaces for e-health systems;Ambient assisted living environments;Handheld devices and mobile computing in e-</p>
<p><a href="#">Social knowledge [electronic resource] : using social media to know what you know / John P. Girard and JoAnn L. Girard, editors.</a></p>	<p>Organizational learning.;Social networks.;Knowledge management.;Collaborative Socialization of Knowledge;Creation and Sharing of Knowledge from the Mind/Brain Perspective;Cross-cultural Knowledge</p>
<p><a href="#">Supply chain optimization, design, and management [electronic resource] : advances and intelligent methods / Ioannis Minis ... [et al.], editors.</a></p>	<p>Business logistics.;Production control.;Operations research.;Computational intelligence.;Defining optimum service levels and inventory costs;Demand forecasting;Distribution channel</p>

<p><a href="#">Supply chain optimization, management and integration [electronic resource] : emerging applications / John Wang, editor.</a></p>	<p>Business logistics.;Artificial intelligence and decision making;Creative decision making and problem solving;Customer value and customer relationship management;Decision-making systems;Enterprise information</p>
<p><a href="#">System and circuit design for biologically-inspired learning [electronic resource] / Turgay Temel, editor.</a></p>	<p>Neural networks (Computer science);Biologically-inspired computing.;Logic circuits.;Biologically-inspired learning and intelligent system modeling;Representation of neuro-information and knowledge;Recurrent</p>
<p><a href="#">Technology integration in higher education [electronic resource] : social and organizational aspects / Daniel W. Surry, James R. Stefurak, and Robert M. Gray, Jr., editors.</a></p>	<p>Education, Higher -- Computer-assisted instruction.;Education Higher -- Effect of technological innovations on.;Educational technology -- Social aspects.;Assistive Technology in Higher Education;Becoming a Successful Online Instructor;Educational Technology in the Medical Industry;Enterprise Resource</p>
<p><a href="#">Theoretical and technological advancements in nanotechnology and molecular computation [electronic resource] : interdisciplinary gains / Bruce MacLennan, editor.</a></p>	<p>Molecular computers.;Cellular automata.;Quantum computers.;Algorithmic assembly;Applications of nanotechnology;Autonomous molecular</p>
<p><a href="#">User-driven healthcare and narrative medicine [electronic resource] : utilizing collaborative social networks and technologies / Rakesh Biswas and Carmel Mary Martin, editors.</a></p>	<p>Clinical medicine -- Decision making.;Narrative medicine.;Social networks.;Medical informatics.;Consumer-driven health care.;Community Networks.;Decision Support Techniques.;Information Systems.;Narration.;Social Support.;Community ontologies in user</p>
<p><a href="#">Youth culture and net culture [electronic resource] : online social practices / Elza Dunkels, Gun-Marie Franberg and Camilla Hallgren, editors.</a></p>	<p>Internet and teenagers.;Teenagers -- Social networks.;Youth -- Social aspects.;Technology and youth -- Social aspects.;Online social networks.;Abusive Practices Cyber Bullying and Online Harassment;Adults' Reactions towards Young People's Internet Use;Digital</p>
