Step 5

Your course should now include an empty link for a Library Guide. Keep going to map it.

## LibApps Library Content Selection

Use the drop-downs below to select the content you wish to display when students click on the link. After selecting an option from the first dropdown, additional selections options will appear. This selection screen will not appear again once you have made your selection.

LibGuides Site ⓘ

LibGuides - libguides.library.drexel.edu

Content Type ⓘ

Please select a type...

|

**Guides & Guide Content**

- Full LibGuide
- Single Page
- Content Box

**A-Z Databases**

- All A-Z Databases
- Databases for Specific Subject + Subject Specialists

### Step 6

Select content for your Library Guide from the available Library resources. If you have questions about what to include, please reach out to your liaison librarian or the librarian listed on the last slide.

## LibApps Library Content Selection

Use the drop-downs below to select the content you wish to display when students click on the link. After selecting an option from the first dropdown, additional selections options will appear. This selection screen will not appear again once you have made your selection.

LibGuides Site *i*

**Course Reserves** ▾  
Required readings

**Drexel University Libraries Health Sciences Resources** ▾

Step 7  
The link is now mapped to a library resource and is active!

## LibApps Library Content Selection

You are seeing this page because you have Editing rights for this course - the students will not see this page but instead will be taken directly to the target link.

Click **View Content** to see what your students will see.

Click **Edit Selection** to modify the content selection (i.e. to select different LibGuides content to display to students).

View Content

Edit Selection

Powered by [Springshare](#). All rights reserved.

### Step 8

When you click on the link, you will see two choices: Edit Selection will delete your current Library Guide mapping and you will be prompted to map to a new Library Guide. View Content takes you to the Library Guide – see example on next slide.

# Health Sciences Resources

Clinical and research resources for medicine, nursing and allied health
